We add to this the further wish

confessed that the form of His Majesty's

reply to Mr. O'Conon's address goes far to

remove any idea of humiliation attaching to

the function on account of the place in

which it was held. The personal compli-

of a patronising air about it, but it was ap-

the possession of such feelings. Perhaps

cannot be taken as a very reliable index to

the real sentiment entertained by the Court of

as showing a departure from the attitude of

Your localings, but I should like to thank you. Your localings, but I should like to thank you. Your localings, but I should like to thank you. Your localing my tarrible cough. Since I had the operation of Trachectomy (the same as the late, Emperor of Germany, and unlike him, thank (fod, I am still alive) performed at St. Bartholomew's Hospital, no one could possibly have had a many riclent cough; it was so had at times that had a more violent cough; it was so had at times that it quite exhausted me. The mucus, which was very M J. ROTCH," copious and hard, has been softened, and I have been able to get rid of it without difficulty. I am, sir, yours truly, J. HILL." MEDICAL NOTE.

The above speaks for itself. From strict inquiry t appears that the benefit from using Keating's 153 Cough Lozenges is understated. The operation was a specially severe one, and was performed by the specialist, Dr. H. T. Ruttin, of St. Bartholomew's Hospital. Since the operation the only means of relief is the use of these Lozenges. So successful are they that one affords immediate benefit, although from the nature of the case the throat irritation is i intense:

Under date Sept. 8th, 1891, Mr. Hill again writes: "I should long since have been dowl, but for your Lorengos—they are worth their weight in gold. I will gladly see and tell anyone what a splendid cough remedy they are."

Keating's Cough Lozenges, the unrivalled remepy
for COUGHS, HOARSENESS, and THROAT TROUd to his COLLECTION RLES, are sold in Bottles by all Chemists.
